FUTURE TUITION AND ROOM AND BOARD COSTS

The Heart Awakening School of Healing has done its best to maintain the high quality and standards of the work while keeping its fees as affordable as possible.

The School is a growing organic venture. In order to provide and maintain the quality and depth of your Heart Awakening experiences, as well as providing a variety of additional services, it is necessary to reserve the right to review our costs each year to determine the following year's tuition and room and board costs.

For many years, the Heart Awakening programs have been subsidized by the generous donations of people who have been willing to support the students and see the work prosper. These donations have been used to subsidize the tuition fees.

Although we are no longer able to provide work-study, when we hire someone our first consideration is to work with any student that may be qualified. If you have office skills and would like us to keep you in mind, send us your resume for consideration.
